Subject: Power Cut at the Port

The second and last stage of the generator project, which will power the totality of the port has been completed. Due to maintenance works within the project framework, the power will be cut on Sunday 13rd July 2014 between 09:00 and 13:00. During the power cut, operations will continue only with mobile cranes.

You are kindly requested to arrange the circulation of the subject announcement to your members.

Sincerely yours,

Mersin International Port Inc.
